Buffalo Aged Linseed Oil Ready - Mixed Paints

Stand Every Test for exterior and interior work.

Aged Linseed Oil

Aged in our own tanks until clear and pure as amber. This is but one of the important processes in the manufacture of our paints, but it illustrates the care exercised throughout in the making of the highest quality products of our works, and which cost no more than inferior paints.

A. L. O. Paint is ground through powerful mills of special construction which ensure proper assimilation and knitting together of all particles, and produces a paint unequalled in covering power, durability, fineness of texture and beauty of finish.

Every property owner who expects to paint should investigate Buffalo Paints and look over our new Color Chart of the latest shades for modern use. Get one of the beautiful Buffalo-best Slick Pins or Hat Pins.

Sold by Canton Hardware Co., Lea, E. Skelton, Weaver Street Dept. Store, A. C. Gaudy, Beach City, O.; C. N. Dixon, Reibelt, Ohio; J. B. Witwar, Greentown, Ohio; Thursty Bros., Inland, Ohio; J. M. & W. Berg, Maximo, Ohio; E. M. Hershey, Middlebranch, Ohio; D. W. Strauss, New Berlin, Ohio; Wm. Shand, Rogersville, Ohio; J. E. Lehmiller, New Industry, Ohio; C. E. Sinclair, Hanover, Ohio; Zinsmeister & Fisher, Navarre, Ohio.

Nationals at Magnolia. The National ball team will play the East End team at that place Saturday afternoon, and Sunday will clash with the Massillon Steel Plant team at Massillon. The Steel Plant team is now recognized as one of the fastest teams in the county, and promises to put up a good game.

All National players are to meet at E. & O. depot Saturday at 12:30 and Sunday at 1 o'clock at the square. The Battery at Magnolia will probably be Kenny and Rita, and Griffith and Farver against Massillon.

COUNCILMEN

Chosen This Fall Will Serve For Two Terms of Two Years.

VILLAGES ARE AFFECTED

Columbus, July 18.—Though no specific provision for it is made in the laws all members of the city council will be elected this fall for two-year terms, beginning January 1, 1908. In correcting the terms of municipal officials to comply with the constitutional election amendment to the constitution the legislature omitted all reference to councilmen-at-large.

When the municipal code was adopted city officials were divided into two classes, one class to be elected each year for a two-year term. This was abolished by the legislature at its last session, so far as councilmen for the wards are concerned.

OPINION RENDERED.

They are now elected each odd year for two-year terms, in accordance with the new constitutional amendment separating city and state elections. Since the old provision for councilmen-at-large is in conflict with the amended state constitution, and it was the evident intent of the legislature to treat them uniformly with ward representatives, Smith W. Bennett, special counsel in the attorney general's department, has held in a letter to the city solicitor of Lancaster that the councilmen-at-large have terms coincident with the ward men.

The new section of the code (117) defining the terms of councilmen, entirely supersedes the one originally in the code under the same number. The effect of this is no longer to provide that municipalities must be restricted every ten years, in accordance with the result of the federal census. The repealed section also defines the number of councilmen in each city, and establishes the ratio under which additions are made to the wards and councilmen-at-large. That also has been dropped.

VILLAGES ALSO AFFECTED. Further legislation to correct these omissions will be necessary at the coming session of the legislature or many serious and complicating questions will arise after the next census has been taken.

In a letter to the solicitor of the village of Barnesville, Mr. Bennett holds that all members of village councils will be elected this fall for two-year terms. That subject, too, was overlooked by the legislature. Under the code village councils remain continuing bodies, with half of the six members elected each year.

Since the terms of half expired last year and they have held over for the election of successors, and the terms of the remainder are up this year, there is a vacancy in each place. Council elections are for two years and village councils cease to be continuing bodies by the natural operation of the election amendment, without legislative action.

Mrs. W. S. Knox, of Lawrence avenue, left yesterday for a two weeks' visit with friends at Minerva.

Prof. O. W. Kurtz and Postmaster George McDonald, of Minerva, were in the city on business yesterday.

CLERK OF COURTS

Annual Report of the Judicial Statistics of Stark County Filed With Secretary of State.

Clerk of Courts J. J. Wase has completed his annual report of the judicial statistics of Stark county for the year ending July 1, 1907, and which will be filed with the secretary of state, as follows:

SUITS FOR DIVORCE.

Number ending July 1, 1906, 107; number brought within the year ending June 30, 1907, 146; grounds, adultery, absence and neglect, cruelty, drunkenness, fraud and miscellaneous. Number divorced within the year ending June 30, 1907, 160; number still pending, 93; number brought by husband, 66; number brought by wife, 187. Alimony was allowed to 18 wives. Thirty divorces were granted to husbands during the year, 7 refused and 8 dismissed. Eighty-one divorces were granted to wives, 5 refused and 29 dismissed. One father given custody of children to 6 wives.

No fines, costs or recognizances were forfeited in Stark county during the past year.

The report shows that 480 civil judgments were awarded, aggregating the sum of \$268,000.

Jury fees—Total amount of grand jury fees paid during the year, \$90; fees paid to petit jurors amounts to year for a two-year term. This was

DAMAGES ALLEGED

By Purchase of Auto—Says Its Engine Is Inadequate and Won't Climb Hills.

Frank Douds instituted suit in common pleas court yesterday against the Olds Motor works, a corporation, claiming that they are organized under the laws of Michigan and are doing business in Ohio with offices at Cleveland and that Ralph R. Owen of Cleveland, is acting as their agent.

Douds says that in February, 1904, he purchased from the agent of the defendant company an Olds motor touring car for \$850. He claims they guaranteed the car to do good work, to take four people anywhere, climb ordinary hills and to do in general what other four seated cars of the same power would do. He says he paid the purchase price relying on the guarantee but that when he put the car into service it failed to do the work promised. He claims he was compelled to pay for repairs on the machine with out any fault on his part but on account of the defective machine and inadequacy of the engine in the machine the sum of \$300.

It is claimed on the part of the plaintiff that because of the fact that the engine in the machine was inadequate he was compelled to and did purchase a new engine at a cost of \$294.25. Douds claims he was damaged in the sum of \$650 because of the annoyance and misrepresentations alleged and asks a judgment for that amount. Charles Krichbaum, attorney.

Heating Engineers Meet.

Milwaukee, Wis., July 18.—The American Society of Heating and Ventilating Engineers began its annual summer meeting in this city today and will remain in session over tomorrow. About three hundred of the society are in attendance from various parts of the United States and Canada. The program consists chiefly of technical papers and discussions.

RECALLS CASTOR

Police Hunting Burglars Find Window He Entered Tampered With.

Columbus, July 18.—While a number of their companions surrounded the residence of Hon. Horace L. Chapman, 1117 East Broad street, headquarters Officer Dick Owens, Patrolman Porter and Wagoner Chavous and Jackson went through the house, where Night Headquarters Officer Dan Davis was murdered two years ago June 12, searching for a burglar. They found no one.

The Chapman family is out of the city. Wednesday night some one telephoned the police that an effort had evidently been made to get into the house and the story was at once investigated.

The very window where Castor is supposed to have effected an entrance had been tampered with. The shutters had been opened. A search of the house from top to bottom failed to show that anyone had been there. The place is wired with burglar alarms, but nothing had been registered by them.

Castor shot and killed Officer Davis while the burglar was attempting to escape from the house, where he had been surrounded after an alarm had come from the house. He was convicted of the murder and electrocuted this spring.

FREE TODAY

Modern Jean Valjean Who Was Pardoned by President Roosevelt.

Leavenworth, Kansas, July 18. — John William Valjean, the modern "Jean Valjean," whose arrest and return to prison last spring attracted attention throughout the country, is to be given his freedom tomorrow in accordance with the terms of the pardon granted by President Roosevelt on the advice of Attorney General Bonaparte.

It was in 1895 that January was convicted of robbing a building at Stillwater, Okla., that contained a postoffice. He was sentenced to five years in the federal penitentiary at Ft. Leavenworth, from which institution he escaped after serving three years. After working through Kansas first as a quarryman and then as a traveling salesman, he went to Kansas City, changed his name to Charles H. Anderson and married. He engaged in several kinds of business, finally becoming proprietor of a restaurant, and was well respected.

On April 20 last, he was rearrested through information furnished by a former convict who had known him in prison. On the day Anderson was returned to prison a movement was begun by the Kansas City newspapers to secure his pardon. Three days later petitions bearing 20,000 names were forwarded to President Roosevelt. Within another two days a second batch of petitions was sent to Washington, bringing the total number of signers to 40,000. Many prominent persons were among those who recommended a pardon. On the strength of these petitions and the evidence furnished that Anderson had led an honest and upright life after his escape from prison Attorney General Bonaparte recommended to the president that the sentence be commuted to three months from the date of the rearrest and that he be pardoned at the end of that time.

On his release from prison tomorrow Anderson will be greeted by his wife and three-year-old daughter. He has already announced his intention to return to Kansas City and engage in business.

FISH AND GAME

Found in Great Plenty by the East End Pleasure Club.

Hubbard Lake, Mich., July 14.—The East End Pleasure Club arrived here all right. Our members are all well and having a good time. This is the finest camp grounds we ever had. Plenty of large fish and game. The people are all sociable, and the farm produce reasonable and plenty of it. The first animal we saw before we had our tents up was a big black bear. Tony Munter saw a wildcat, and he says he never did like them. He gets his gun, and brings Mr. Cat to the ground.

Louis Reinebaugh wears the belt for catching the largest fish. He caught a pike 30 inches long and a bass 16 inches long.

We are going on a two-days' hunting trip with a guide after bear. We expect to break camp next Thursday. We like the place so well that we are going to store our camping outfit up here to return next summer.

JOHN McANANEY.

ONLY ONE.

They Have a Unique Record in Canton as Well as Elsewhere.

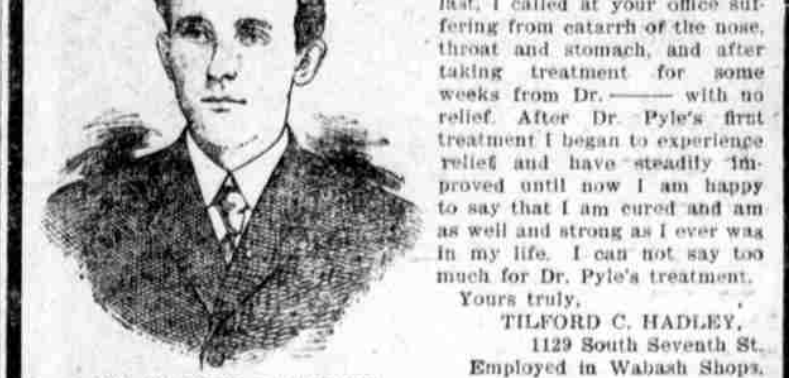

The reader can find only one remedy that first gives local proof of its merits and second demonstrates beyond doubt that when it cures the work is permanent. Read this: William Fitzgerald, of 223 High St., employed at Aultman Co., says: "In praising and recommending Doan's Kidney Pills I not only voice my own opinion based upon personal experience, but also the statements of many of my acquaintances who have used this remedy with just as satisfactory results as I did. Doan's Kidney Pills gave me freedom four years ago from backache, strengthened my kidneys and corrected the secretions which had been very irregular. I got them at the Durbin & Wright Co.'s drug store, and after using them for a short time I was no longer weighed down with languor in the morning. I have used Doan's Kidney Pills on various occasions since, and always with the same effective results."

For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

MR. TILFORD C. HADLEY

An Employee in the Wabash Shops, says: **Dr. Pyle Cured Me**

Read What Mr. Hadley says:

MR. TILFORD C. HADLEY.
1129 South Seventh St.
Employed in Wabash Shops.

If the vital organs of the body are in good condition and are working properly, there is no reason why you should be sick or weak. Most diseases come from germs. Germs are everywhere, unless it might be in the rarified air of high mountains. We take germs in with every breath we draw and with every particle of food or drink. There are many kinds and each kind may cause a certain kind of disease.

If the germs find in the body CLEAN, LIVE, VIRILE BLOOD, they are killed. If they find starved or rundown nerves and poor weak blood, they lodge and breed at an incredible rate, and soon consumption, typhoid, malaria, rheumatism, diabetes, or one of many diseases is fastened on the system.

A catarrhal condition of the mucous or lining membranes of the body is an ideal feeding and developing place for these germs. To prevent disease germs from securing a foothold in the system it is therefore essential that the blood be in good healthy condition and the vital organs of the body working properly.

Nearly every vital organ of the body is affected by catarrh, when that condition has obtained a hold upon the system. The drain that this makes upon the blood and the weakness that follows opens wide the gate for the entrance of the germs of disease.

Do you wish to be strong and healthy? Do you wish to throw off the load of disease and misery you have been carrying? The one prompt way to secure these results is to free your system of the catarrh that is weakening every vital organ of your body. Cure the catarrh, build up the general strength, and health is yours. The blood will not yield to any purifier known as long as the system is so polluted with catarrh. All chronic diseases are more readily cured when these conditions are properly treated.

DR. PYLE CURES CATARRH and the many conditions of ill health that result from a weakened without system. In curing these diseases he puts the blood in good condition, frees the system from the poisons which have been retained by the skin, the liver, the kidneys, the bowels and the stomach. These results come promptly and surely from his treatment, as he will be pleased to prove to you if you are interested and will call at his office.

CONSULTATION FREE AND STRICTLY CONFIDENTIAL.

Dr. Pyle cures diseases of the eyes, ears, nose, throat, lungs, kidneys, stomach, blood, nerves, heart and skin, diseases peculiar to women, curable cancer, piles, tumors and other lingering ailments, as catarrh, bronchitis, asthma, consumption (first stage), deafness (some cases), head noises, rheumatism, neuralgia, nervousness, insomnia, paralysis (early stages), ulcers, goitre, indigestion, bladder trouble, eczema and special diseases.

DR. PYLE'S OFFICE IS AT 116 S. MARKET ST., CANTON, O.
HOURS—9 to 11—2 to 4 Daily. Sundays, 9 to 11.
EVENINGS OF TUESDAYS AND SATURDAYS 7 to 8.

Guests of Tom Taggart.
French Lick Springs, Ind., July 18.—The men who work with pen and brain the year round to keep the

Democratic party to the front in Indiana, rounded up here today to take part in the annual meeting of the State Democratic Editorial Association. For three days the visiting editors, many of whom are accompanied by their wives, will remain here as the guests of Thomas Taggart, chairman of the Democratic national committee. Tomorrow will be devoted to the business of the convention, including the reading of papers by a number of prominent editors. One of the chief features of the meeting will be the address by Ben Loughlin, of Logansport, on "The Democratic Platform of 1908," which will be delivered at the banquet tomorrow evening.

Midvale Co. Increases Capital.
New York, July 18.—Financial circles are considerably interested in the action of the Midvale Steel Company to increase its capital from \$750,000 to \$9,750,000, the final step in the plan being taken today when the stockholders meet to give the necessary formal approval to the proposal of the board of directors. Additional cash will not be realized by the company for any of the \$9,000,000 of new stock. The plan is to issue \$2,000,000 of new capital in the form of a stock dividend to the holders of the present \$750,000 stock.
By this readjustment of capitalization the Midvale Steel Company loses one of the things for which it has been unique. While other steel companies have been capitalized often high up, the Midvale heretofore has kept along with a nominal capitalization. For nearly ten years it paid no dividends even on its small stock, but put profits back into the plant. Recent dividends have been paid.

Reformed Church Reunion.
Pen-Mar, Md., July 18.—The eighteenth annual reunion of the Reformed church was held here today, the program consisting of music and prayer with addresses by several prominent ministers and educators. Many visitors were in attendance from Maryland, Virginia, West Virginia, Pennsylvania and the District of Columbia.

The Thermometer now hitting the High Spots.

Better fool the weather and keep cool this year by getting an

Electric Fan

It will cost you only a few cents a day to run it, and beats mopping your brow with a handkerchief, or twirling a palm leaf, all hollow. An Electric Fan in home or office makes the hottest day livable and workable.

Phone in for one, or better still, drop in and see how nice they are.
